ZCH Garage Sale Saturday, June 3rd

Zonta Club of Houston is holding a garage sale June 3rd, 7 am – 3 pm at Susan Gallivan's. Besides bringing all your treasures to sell, there are a number of items we need: **TABLES**, clothing racks, hangers, or any type of surface that we can make into a table (boards and bricks?). We desperately need tables. Ask your friends if they can loan us tables.

WHAT TO BRING: any items that you no longer need or want, please bring.

WHEN TO BRING: Please take everything to Susan's house BEFORE noon on Friday, June 2nd, if at all possible. Susan is home in the evenings after 5:30 pm. Please call her to confirm she will be there before you come over. Although she would prefer you to bring items the week of May 29 – June 2, if you need to bring it earlier, she will accept items.

We need a volunteer or two that live close to Susan to volunteer to be at her house during the day in case someone needs to bring items over. Kayleen was going to do that, but realized she will be out of town May 31 – June 2 and she needs to work May 29 & 30, so we really need someone else to volunteer. Please contact Kayleen if you can help out.

VOLUNTEER OPPORTUNITIES: Setup, Friday, June 2nd: Besides some help during the week before at Susan's house accepting donations, we need volunteers Friday June 2, from noon to 5:00pm setting up. We would like all tables and items to be there by noon, if at all possible.

Sale day, Saturday, June 3rd: We would like to have 3 shifts, 6:30 am – 9:30 am, 9:30 am – 12:30 pm, and 12:30 pm – 3:30 pm. The last shift will also be our clean up crew. We would like to have someone who has a vehicle that can take all the left overs to be donated to Goodwill or somewhere. If anyone is comfortable with determining prices and "negotiating" with the buyers, speak up. We won't price in advance, but need someone at each shift that is comfortable with determining pricing.

Kayleen will have signups available at the May meeting and will be sending out an email for those not at the meeting.

Thanks in advance for all the support you can give us for this event.

Did You Know...?

June 2nd is National Gun Violence Awareness Day. People are encouraged to wear orange on that day. According to the National Coalition Against Domestic Violence (NCADV), 19% of all domestic violence involves a weapon. Having a gun in the home increases the risk of intimate partner homicide by at least 500%. In households with a history of domestic violence, the risk increases 2,000%. Orange was chosen to symbolize the value of human life and is worn as a signal that wearers do not want to be the next victim of gun violence. The day is to bring awareness to the issue of gun violence and promote gun safety. More information can be found at <https://wearorange.org>.

ZONTA INTERNATIONAL NEWS

Let Us Learn Madagascar

About 90 percent of Madagascar's population lives on less than US\$2 per day, leaving children particularly vulnerable. Aside from endemic poverty, Madagascar is prone to natural disasters, which further impede economic growth of the agricultural economy and make it even more difficult to escape poverty and prioritize education for children.

More than a quarter of Madagascar's children are excluded from formal education, and one out of three girls will become pregnant before the age of 18. Junior secondary school enrollment fees are prohibitively expensive for families, forcing parents to select one child to continue their education, often leaving girls behind.

Zonta International has committed US\$1,000,000 to the U.S. Fund for UNICEF to create opportunities for vulnerable and excluded girls to realize their rights to an education in a secure and protective environment. Partnering with the Ministry of National Education and others, Let Us Learn Madagascar will promote a common vision of investing in junior secondary education for girls as an entry point for equity.

Project Goals:

Create Opportunities for vulnerable and excluded girls to realize their rights to an education in a secure and protective environment

The program is focused on three pillars:

1. Reaching out-of-school children
2. Expanding girls' education
3. Improving quality outcomes for learners
